Apply Knowledge. Improve Life!

QUESTION PAPER

Name of the Examination: CAT-1(Fast Track 2022-2023)

Course Code: CSE3001 | **Course Title: Agile Development Process**

Slot: A+TA+TAA | **Date of Exam: 29-07-2022**

Duration: 90 min | **Total Marks: 50**

Class ID: AP2022231000057

Instructions:

1. Assume data wherever necessary.
2. Any assumptions made should be clearly stated.

Q1. Does agile development handle the "change" in the requirements, explain it with Agile Life cycle of Banking application as case-study when compared to traditional development [10 M].

Q2. Justify agile methodology that will increase the visibility of services in any single Government and public sectors. [10 M]

Q3. Justify the need of Story-boarding in the Agile Projects. Compile the story-boarding for the different tasks associated with the development of E-Commerce system [10 M].

Q4. Design the sprint-backlog for the online shopping cart application. Also discuss the roles and responsibilities of the Scrum Master for the above application [10 M].

Q5. Identify the different scrum artifacts and design the release plan for the Product-backlog and sprint-backlog for Waste Management System [10 M].

QP MAPPING

Q. No.	Module Number	CO Mapped	PO Mapped	PEO Mapped	PSO Mapped	Marks
Q1	1	1	1	2	1	10
Q2	1	1	1	2	1	10
Q3	2	2	1	2	1	10
Q4	2	2	4	-	1	10
Q5	3	3	4	-	1	10

QUESTION PAPER

Name of the Examination: CAT (Fast Track 2022-23)

Course Code: CSE3001 | **Course Title: Agile Development Process**

Slot: B+TB+TBB | **Date of Exam: 29-07-2022**

Duration: 90 min | **Total Marks: 50**

Instructions:

1. Assume data wherever necessary.
2. Any assumptions made should be clearly stated.

Q1. Illustrate the different types of Storyboards. Design the story-board for the different tasks for the Online Bus Ticket Booking System. **(10M)**

Q2. Design a User story and the conditions of satisfaction to meet the user stories for College Admission System. **(10M)**

Q3. Let consider the following illustration by Dan North about an ATM system. As a customer, I want to withdraw cash from an ATM, so that I do not have to wait in line at the bank. Prepare 2 acceptance criteria in Given-When-Then(GWT) format for this user story. **(10M)**

Q4. What are the roles in Scrum and describe their responsibilities in Online Bus Ticket Booking Application? **(10M)**

Q5. Last question: let's consider you are going to develop a product. Justify the use of agile development principles to satisfy customer requirements than any other software development process? **(10M)**

QP MAPPING

Q. No.	Module Number	CO Mapped	PO Mapped	PEO Mapped	PSO Mapped	Marks
Q1	2	2	1	1	-	10
Q2	2	2	2	1	-	10
Q3	2	2	2	1	-	10
Q4	2	2	2	1	-	10
Q5	1	1	1	1	1	10

QUESTION PAPER

Name of the Examination: CAT (FALL 2022-2023)

Course Code: CSE3001

Course Title: Agile Development Process

Slot: C2+TC2

Date of Exam: 02/11/22

Duration: 90 min

Total Marks: 50

Instructions:

1. Assume data wherever necessary.
2. Any assumptions made should be clearly stated.
3. Answer all the questions

Q1. Discuss Agile Principles and describe how Agile development process is different from the traditional software development models. **(10M)**

Q2. Briefly explain each iteration and process flow of Agile Software Development Lifecycle (SDLC). **(10M)**

Q3. Mary is a persona, an HR employee of a large company, whose main goal is to book one or more employees on an online training course. Write a Scenario describing the steps Mary has to take to book a seat on one of the public online training websites. **(10M)**

Q4. Assume that you are a business representative from a strategic marketing background and designated as a product owner for a company that provides online reviews for consumer-supplied products and services. Craft a vision statement in each of the following popular vision statement formats. **(10M)**

i. Elevator statement
ii. Press release
iii. Product datasheet
iv. Magazine review

Q5. Assume you are planning for a product release with a feature backlog as shown in the table below. Also consider the dependencies between features, and the story point size of each feature as given in the table. Logical connectivity between features can be ignored for the given scenario.

Product Backlog	Dependency	Story Point Size	Priority	Sprint Mapping	Status (Filled/to be refined)
Feature A	dependency on Feature P	4	high		
Feature B	No dependency	3	medium		
Feature C	No dependency	4	medium		
Feature D	dependency on Feature N	3	high		
Feature E	dependency on Feature C	3	low		
Feature F	No dependency	3	medium		

Feature G	No dependency	5	low		
Feature H	dependency on Feature B	4	low		
Feature I	No dependency	7	medium		
Feature J	No dependency	5	medium		
Feature K	dependency on Feature A	4	high		
Feature L	dependency on Feature M	3	low		
Feature M	No dependency	3	medium		
Feature N	No dependency	6	high		
Feature O	No dependency	5	medium		
Feature P	dependency on Feature H	3	low		
Feature Q	dependency on Feature H	4	high		
Feature R	dependency on Feature F	5	low		

Sprint size **2 Weeks**

Team's velocity **20 story points**

i. Calculate the number of sprints required and do sprint mapping considering a Fixed-scope release planning scenario and plan for a feasible release date. **(5M)**

ii. Considering a fixed-date release planning scenario, and analyzing the feasibility, update the status of each feature to filled/to be refined. (Assuming you are planning to start the next week and the release date is 1st January 2023). **(5M)**

QP MAPPING

Q. No.	Module Number	CO Mapped	PO Mapped	PEO Mapped	PSO Mapped	Marks
Q1	1	1	2	1	1	10
Q2	1	1	5	1	1	10
Q3	2	2	10	1	-	10
Q4	3	3	2	-	2	10
Q5	3	3	3	-	2	10

QUESTION PAPER

Name of the Examination: FAT (Fast Track 2022-2023)

Course Code: CSE3001 **Course Title: Agile Development Process**

Slot: A+TA+TAA **Date of Exam: 25-08-2022**

Duration: 120 min **Total Marks: 60**

Class ID: AP2022231000057

Instructions:

1. Assume data wherever necessary.
2. Any assumptions made should be clearly stated.

Q1. a) Craft vision statement for car rental system and identify its road-map. -6M

b) As Product-owner develop a Product-backlog for the SmartCart App with story-mapping. -6M

Q2. a) You are given the role of Scrum master to support Product Owner P.O in Sprint-Planning for the new project University Management System. Design the Sprint-backlog for the University Management System-6M

b) Assume you are agile practitioner. Your team has run in to technical debt, how do you handle the scenario-6M

Q3. a) How do you think recently companies are releasing new features frequently in mobile applications every two weeks or even less. What development methodology has brought this change? Explain Agile Life cycle for the prescription management system as case-study-7M

b) Design the story-boarding's for the different tasks for the Health care management system-5M

Q4. a) Discuss about behavior driven development with a web based application-6M

b) Identify the different scrum artifacts for Plasma Donor system-6M

Q5. a) Design the user story for different tasks for travel reservation system-6M

b) Discuss about different root causes of failure in online billing system-6M

QP MAPPING

Q. No.	Module Number	CO Mapped	PO Mapped	PEO Mapped	PSO Mapped	Marks
Q1	3	1	1	2	1	12
Q2	5	1	2	2	1	12
Q3	1,4	2	3	2	1	12
Q4	2	3	3	-	1	12
Q5	6	4	4	-	1	12
